As anticipated in the Gazette the bill As anticipated in the Gazette the bill authorizing the Great Falls and Old Dominion Railroad Company to con-struct a single electric railway track across Aqueduct bridge has been passed by the House. The bill was amended at the suggestion of Mr. Rixey so as to require the deposit of \$25,000 which the railroad is required to make to be made within three instead of twelve months. The reason of this, as explained, was to allow the Falls Church Railroad Conventor to get the privilege of Railroad Company to get the privilege of laying the track if the Old Dominion company should not take immediate advantage of the right. By the terms of the bill as passed, a deposit of 25,000 will have to be made by the railroad company within three months.
